*“Building on a tradition of excellence,
Bowling Green Schools
lead the way in education for all.”*

Strategies

We will:

- Promote the value of education among our diverse population to ensure equity of educational opportunity.
- Maintain a school and learning calendar that will facilitate life long educational service and remove barriers, including constraints of time to successful school completion.
- Recruit, hire, develop and retain highly qualified employees committed to and compatible with our mission and beliefs.
- Engage our diverse community to encourage interest, involvement and responsibility.
- Develop and implement policies and programs to ensure a safe, caring learning environment.
- Coordinate and articulate pre-school through high school curriculum to reduce achievement gaps and ensure all students attain or exceed proficiency in core academic content areas.
- Develop a partnership with alumni to continue our tradition of excellence.
- Continuously communicate with our stakeholders.
- Implement a leadership development program for students and staff.
